One-piece insulating platform for indoor use, 36kV

Application:

- The **CATU insulating platform** is designed to provide unparalleled protection and safety in high-voltage environments. Crafted from premium insulating materials, this platform **protects against voltages up to 36kV**, ensuring both equipment and personnel are shielded from dangerous electrical surges. Whether you're working in industrial settings, power distribution, or high-tech labs, our platform offers ground insulation to keep operations running smoothly and safely.
- Insulating platform to isolate the operator from the earth potential.
- For indoor use.

Features:

- One-piece moulded insulating material.
- 500mm x 500mm x 220mm non-slip tray with marking area.
- Maximum voltage: 36kV
